INVITES YOU TO ITS WINTER SESSION

The **Small Savers Protection Legal Clinic of the Roma Tre University** will host the first **Winter School** organized within the **STARS (Skills Transfers in Academia: a Renewed Strategy Enhancing legal clinics in the European Union)** ErasmusPlus project.

The one-week event will be delivered by academic staff as well as eminent lawyers. This Winter Legal Clinic, entirely taught in English, will offer a **unique opportunity** for students to get familiar with the **legal framework about consumers and the enforcement of their rights**, especially regarding the promotion of **alternative methods of dispute resolution**.

This is a Winter School that has strong ties to contemporary, real-world problems, characterized by the clinical method and problem-based learning, making students work on high interactive cases studies, with participatory approaches.

Students will have the unique opportunity to build some memories in Rome in their free time.

#### ABOUT STARS

Skills Transfer in Academia, a Renewed Strategy (STARS) is a project founded under the Erasmus+ programme. It brings together the University of Luxembourg (coordinator), Università degli Studi di Brescia and Università degli Studi Roma Tre (Italy), Palacký University Olomouc (Czech Republic), and the Romanian-American University Bucharest (Romania).

It aims to promote the innovative teaching within law school across Europe, exposing students to new business management skills in the field of legal services, contributing to a change of behaviour in the legal professions through exchange of ideas with successful legal entrepreneurs and professional trainers from the universities.
