Art.1

Pursuant to the [Regolamento di Ateneo per gli assegni di ricerca](#), a public selection process is established to award ONE grant for temporary research fellowship ("assegno di ricerca") for a period of 12 (twelve) months in the Department of Industrial, Electronic and Mechanical Engineering

DEVELOPMENT OF MODELS AND CFD-FEM ANALYSIS OF HEAT TRANSFER EQUIPMENT FOR CAES APPLICATIONS

The 4-years ASTERIx-CAESar project aims at the developing of an innovative plant concept integrating a Concentration Solar Plant (CSP) with a Compressed Air Storage System (CAES). The research activities are focused on the techno-economic and environmental optimization of the CSP-CAES plant and on the experimental demonstration of key plant components. ROMA TRE research activities mainly concern the optimization of the heat transfer systems operating at low and high temperature. Mono-dimensional lumped parameter models will be developed to carry out analyses of heat transfer devices operating according to the following concepts: a) conventional recuperative concept and b) non-conventional regenerative concept. Traditional (Shell and Tube) and advanced (Compact) surface heat exchanger typologies will be considered. Regarding regenerative heat exchangers, different configurations and filling media will be investigated. In particular, the research fellow should provide a relevant contribution to the implementation of lumped parameter models for the sizing and the dynamic simulation of heat transfer devices operating in CSP-CAES systems. The above models will be calibrated by using results from CFD and FEM analyses carried out by the research fellow

To carry out the research activities and to achieve in time the research objective, a proven previous knowledge of heat transfer devices is required as well as the expertise in developing models for sizing, part load and dynamic analyses of such components. Moreover, the candidate should be able to use the commercial code Ansys. Finally, the capability to plan and organize the research activity is highly appreciated.

GROSS AMOUNT (paid in monthly installments), comprehensive of all fees due by the Administration): € 36.000,00

The allowances is subjected to:

- the provisions of the article 4 of Law 08/13/1984, n. 476 (fiscal treatment);
- the provisions of the article 2, paragraphs 26 and following of the law 08/08/1995, n. 335, as further amended (social security);
- the provisions of the article 1, paragraph 788, of Law 27/12/2006, n. 296, as further amended (sick leave);
- the provisions of the Decree of the Minister of Labour and Social Welfare 12/07/2007, published in Official Gazette no. 247 of 23/10/2007 (maternity).

Apart from the cases provided for and regulated by the above provisions, it is possible to suspend the research activity for a pre-determined number of months. Suspension is given by the Board of the Department; at the end of the suspension the "assegno di ricerca" will resume or will be permanently stopped.

In all cases of suspension the payment is immediately interrupted until the date of resumption of the activities, certified by the Director of the Department.

In the case of anticipate conclusion of the research activity, the monthly installment will be paid proportionally.

Art.2

- Ph.D. or equivalent

Should the Ph.D. have been obtained abroad, the course must be declared equivalent, solely for selection purposes, by the Academic Senate of the University.

The candidate must possess the required qualification within the deadline specified in paragraph 3, under penalty of exclusion.

Art. 3

The signed and dated application form, compiled following the scheme available at the end of this Call (**ALLEGATO A**) must be sent by e-mail at ricerca.dliem@uniroma3.it or PEC at ricerca.ingegneria.iem@ateneo.uniroma3.it; and HAVE TO ARRIVE within the final deadline of **08/01/2024**, otherwise the applicant will be excluded.

Application must include:

- **appropriate scientific and professional curriculum demonstrating aptitude for research activities;**
- **autocertification for the Degrees (**ALLEGATO B**);**
- **(if any) list of other titles and or previous scientific publication (**ALLEGATO C**)**
- **Copy of a valid passport**

Art. 4

The Commission will define the criteria of the selection before proceeding with the evaluation.

The selection process consists of two different phases:

- 1) the evaluation of the candidate profile based on titles, CV and any other provided documentation;
- 2) an oral interview;

Art. 5

1. The research grant cannot be awarded to students enrolled in undergraduate, Master, or medical specialization in Italy or abroad, and involves placement on unpaid leave for employee in service with public administrations other than those referred to in point .3 below.

2. Participation in selection is not allowed for spouses, relatives and kin up to and including the 4th degree of the:

- teaching staff of the Department which has issued this notice;
- Rector;
- General Director;
- Members of the Board of Directors.

3. Permanent employees of Universities, research and experimentation institutes or public bodies, the National Institute for New Technologies, Energy and Sustainable Economic Development (ENEA), the Italian Space Agency (ASI) and institutions whose scientific specialization qualifications have been recognized as equivalent to a Ph.D. pursuant to article 74, fourth paragraph, of Presidential Decree no. 382 of 11 July 1980, cannot participate in selection.

4. The research grant cannot be combined with any scholarships, except those awarded by national or foreign institutes to supplement research activities of said temporary research fellows with permanence abroad.

5. The grant for carrying out research activities is governed by a specific individual contract, based on the following criteria: flexibility in meeting the needs of the activity, continuity, time allocation (not sporadic), coordination with the overall activities of the Department, close relationship with the implementation of a research program, autonomous activity within the scope of the program and absence of pre-determined working hours.
