Art.1

Pursuant to the “[Regolamento di Ateneo per gli assegni di Ricerca](#)” a public selection process is established to award ONE grant for temporary research fellowship (“*assegno di ricerca*”) for a period – renewable – of 12 (twelve) months in the Mathematics and Physics Department:

RESEARCH PROJECT:

Universality in condensed matter and statistical mechanics

The postdoc will collaborate with the principal investigator and the team of the ERC CoG project UniCoSM on topics related to the universality properties of many body systems in classical and quantum statistical mechanics, such as: critical properties of non-solvable Ising and dimer models, quantum transport in interacting quantum systems, and spontaneous continuous symmetry breaking. More precisely the postdoc's research project will focus on: finite size effects and conformal covariance of the critical theory of 2D interacting Ising and dimer models; transport coefficients in disordered and/or interacting Fermi systems in topological phases; formation of periodic striped states in systems with competing interactions; orientational order in models of liquid crystals or of crystallization.

APPLICATION PROFILE

The postdoc is expected to have a strong background in the mathematics of quantum or classical statistical mechanics, such as: the Renormalization Group, cluster expansion, probabilistic/geometric approaches to Ising/dimer models, functional analysis, geometric or topological approaches to the study of electronic transport coefficients. Besides the scientific collaboration with the team members of the ERC CoG project UniCoSM, the postdocs are expected to actively participate to the organization of the mathematical physics seminar as well as the other scientific activities of the group. The interviews can be performed via Skype.

GROSS AMOUNT (paid in monthly installments): € **37.000,00 comprehensive of all fees due by the Administration.**

The allowances is subjected to:

- the provisions of the article 4 of Law 13/08/1984, n. 476 (fiscal treatment);
- the provisions of article 2, paragraphs 26 and following, of the law 08/08/1995, n. 335, as further amended (social security);
- the provided in article 1, paragraph 788 of Law 27/12/2006, n. 296, as further amended (sick leave);
- the provisions of the Decree of the Minister of Labour and Social Welfare 12/07/2007, published in the Official Gazette no. 247 of 23/10/2007 (maternity).

Apart from the cases provided for and regulated by the above provisions, it is possible to suspend the research activity for a pre-determined number of months. Suspensions are given by the Board of the Department; at the end of the suspension the “*assegno di ricerca*” will resume or will be permanently stopped.

In all cases of suspension the payment is immediately interrupted until the date of resumption of the activities, certified by the Head of the Department.

In the case of anticipate conclusion of the research activity, the monthly installment will be paid proportionally.

Art. 2

To participate in the selection it is mandatory to have gained:

- a PhD in Mathematics or Physics
- a proven scientific and professional curriculum suitable for carrying out the research activity for which you are competing, possibly certified by the possession of additional research training qualifications or documented and suitable experience for research activity already carried out

Should the Master's Degree have been obtained abroad, the course must be declared equivalent, solely for selection purposes, by the Academic Senate of the University. The candidate must possess the required qualification within the deadline specified in paragraph 3, under penalty of exclusion.

Art. 3

The signed and dated application form, compiled following the scheme available at the end of this Call (**ANNEX A**) must be addressed to the **Mathematics and Physics Department of Roma Tre University – Research Area**

- by ordinary e-mail to the address: amm.matematicafisica@uniroma3.it attaching a copy of a valid identity document

MUST BE SUBMITTED within the final deadline of October 1, 2020; otherwise the applicant will be excluded.

Application must include:

- **Appropriate scientific and professional curriculum demonstrating aptitude for research activities;**
- **self declaration for the Degrees (ANNEX B);**
- (if any) **list of other titles and or previous scientific publications (ANNEX C).**

Art. 4

The Committee will define the criteria of the selection before proceeding with the evaluation.

Art. 5

1. The research grant cannot be awarded to students enrolled in undergraduate, Master, Ph.D. or medical specialization in Italy or abroad, and involves placement on unpaid leave or employee with public administration other than those referred to in point .3 below.
2. Participation in the selection is not allowed for spouses, relatives and akin up to and including the 4th degree of the:
 - Teaching staff of the Department which has issued this notice;
 - Rector;
 - General Director;
 - Members of the Board Directors.
3. Permanent employees of Universities, Research Institutes or public bodies, the National Institute for New Technologies, Energy and Sustainable Economic Development (ENEA), the Italian Space Agency (ASI) and institutions whose scientific specialization qualification have been recognized as equivalent to a Ph.D pursuant paragraph, of Presidential Decree no. 382 of July 1980, cannot participate in the selection.
4. The research grant cannot be combined with any scholarships, except those awarded by national or foreign institutes to supplement research activities of said temporary research fellows with permanence abroad.

5. The grant for carrying out research activities is governed by a specific individual contract, based on the following criteria: flexibility in meeting the needs of the activity, continuity, time allocation (not sporadic), coordination with the overall activities of the Department, close relationship with the implementation of a research program, autonomous activity within the scope of the program and absence of pre-determined working hours.

Art. 6

For all matters not included here we refer to the laws and rules regarding the “[assegni di ricerca](#)”
